

**EARLY SPRING**

Apply Green-Up Crabgrass Preventer to feed the lawn and provide season-long crabgrass prevention.

If you are seeding, use Scotts Step 1 for Seeding 5K only While Supplies Last. #723436

**FALL**

Apply Winter Survival Fall Lawn Food to feed the lawn and help prepare it against the long, harsh winter ahead. Early fall seeding works best, apply Winter Survival Fall Lawn Food the same day before applying grass seed.

**LATE SPRING**

Apply Green-Up Weed & Feed to feed the lawn and kill over 250 broadleaf weeds like dandelions, chickweed, clover, and oxalis.

Be sure to apply to a damp lawn from light sprinkling or early morning dew and do not irrigate or expect rainfall afterward for 48 hours.

**SUMMER**

Apply Mag-I-Cal Plus to adjust soil pH, loosen hard soil and activate the soil microbial life.

**SUN & SHADE SEED** 25 lb
